Fridays, Noon – 1  
pm in BPS 1208

- July 8
- July 22
- July 29

RSVP and Questions:  
mkstapleton@towson.edu

## Join us for Free Lunch and Discussions about Scientific Research

The *Summer Research Learning Community* is an opportunity to explore the culture of science and the process of scientific inquiry with an eye towards understanding how scientific knowledge is developed. We'll also explore best practices in science education, with a focus on K-12/higher education partnerships. Participants will develop a deeper understanding of the ways in which scientists work and scientific knowledge is discovered as well as insight into science teaching and learning.

**Who should attend?** Anyone with an interest in scientific research!

- Undergraduates participating in a Summer Research Experience
- K-12 teachers participating in a Summer Research Experience
- Graduate students
- Post-Docs
- Faculty members

Participants are encouraged, but not required, to attend all 4 sessions. Sessions will be interactive with activities and small group discussions. Please RSVP at least 48 hours before each workshop you plan to attend.
