² BSCI339C is the lab-only portion of BSCI421. BSCI339C together with BSCI420 counts as a PHNB Area lab course. It is not a stand-alone lab. Credit only granted for BSCI339C or BSCI421.

³ Requires a "C-" or better in the pre-/co-requisite lecture to count as a **Lab**.

⁴ Formerly BSCI474, cross-listed as HLSC374. Credit will be given for either BSCI374, HLSC374 or BSCI474.

⁵ Special Topics courses are allowed if approved for upper level courses in PHNB. See Testudo for applicability of a specific course.

⁶ One credit of Departmental Honors seminar may be applied to major requirements. Additional Departmental Honors seminar credits count as electives.

3. Enrichment 3 credits Enrichment Course: _____ Credits: _____ Semester: _____ Grade: _____

Minimum 3 credits from any 300- or 400-level BSCI, CHEM, or BCHM course.

Courses from other departments can be used with permission of advisor.

Courses listed in the Advanced Program above can be used if they are not used to satisfy any category above.

Courses counted as Enrichment do not satisfy the 300- or 400-level laboratory requirement.

Independent study or research credits, including H and L versions, are acceptable up to a maximum of 3 credits overall in the Advanced Program.

Multiple semesters in research courses can possibly count for one of the two required lab courses. See your advisor for more details or ter.ps/reslabcredit
